Retiring to a seaside cabin near San Francisco, Jack Dulooz looks for tranquility, but finds only horror and despair.

The Scientific Elements is an international book series, maybe with different subtitles. This series is devoted to the applications of Smarandache's notions and to mathematical combinatorics. These are two heartening mathematical theories for sciences and can be applied to many fields. This book selects 12 papers for showing applications of Smarandache's notions, such as those of Smarandache multi-spaces, Smarandache geometries, Neutrosophy, etc. to classical mathematics, theoretical and experimental physics, logic, cosmology. Looking at these elementary applications, we can experience their great potential for developing sciences. 12 authors contributed to this volume: Linfan Mao, Yuhua Fu, Shenglin Cao, Jingsong Feng, Changwei Hu, Zhengda Luo, Hao Ji, Xinwei Huang, Yiyi Guan, Tianyu Guan, Shuan Chen, and Yan Zhang.

The short-sighted adolescent is a passionate reader who takes various cultural figures as models, trying to emulate both their lives and their works. The pupil protagonist is a poor student, who likes science and reads a lot of books, sometimes staying up all night to do so. At the age of 15, he decides to write a novel to demonstrate to his teachers that he is not as mediocre as all the other students, and is prepared to give up everything he holds dear for his art. The novel is written in a number of notebooks--the "diary" of the title--but our myopic hero ultimately fails in three subjects and is too lazy to learn and has to repeat the school year. *Diary of a Short-Sighted Adolescent* was written by the young Mircea Eliade, one of Romania's greatest writers and intellectuals. The book can be viewed as an early 20th century *Catcher in the Rye*, and allows us an intimate view of the developing genius--his teachers, his classmates' academic and amorous rivalries, his first sexual experiences--and an introduction to the themes of religion, self-knowledge, erotic sensibility, artistic creation, and otherness; ideas which would preoccupy him until the end of his life.

The #1 bestselling chapter book series of all time celebrates 25 years with new covers and a new, easy-to-use numbering system! Catch the wave! That's what Jack and Annie do when the Magic Tree House whisks them back to a Hawaiian island of long ago. They learn how to surf and have a great time—until strange things start happening. Jack and Annie soon discover the cause: A tidal wave is headed their way! Can they help save their new friends in time? Did you know that there's a Magic Tree House book for every kid? Magic Tree House: Adventures with Jack and Annie, perfect for readers who are just beginning chapter books Merlin Missions: More challenging adventures for the experienced reader Super Edition: A longer and more dangerous adventure Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures

Integrating research from multiple disciplines, this text provides a comprehensive perspective on suicide and examines what works in prevention and intervention. The author is a pioneering researcher and clinician who addresses the classification, prevalence, and assessment of suicide and self-destructive behaviors and explores risk factors at multiple levels, from demographic variables, personality traits, psychiatric diagnoses, and neurobiological factors to the social and cultural context. Student-friendly features include text boxes that dive deeply into specific issues, instructive figures and tables, thought-provoking clinical cases, and engaging examples from literature and popular culture. The text reviews medical and psychosocial treatment and prevention approaches, discusses ways to help those bereaved by suicide, and considers issues of professional liability.

"Elon powerfully evokes the obscurity of the past and its hold on the present as we stumble through revelation after revelation with Yoel. As we accompany him on his journey...we share in his loss, surprise, and grief, right up to the novel's shocking conclusion." —The New York Times Book Review In the tradition of *The Invisible Bridge* and *The Weight of Ink*, "a vibrant, page-turning family mystery" (Jennifer Cody Epstein, author of *Wunderland*) about a writer who discovers the truth about his mother's wartime years in Amsterdam, unearthing a shocking secret that becomes the subject of his magnum opus. Renowned author Yoel Blum reluctantly agrees to visit his birthplace of Amsterdam to promote his books, despite promising his late mother that he would never return to that city. While touring the Jewish Historical Museum with his wife, Yoel stumbles upon footage portraying prewar Dutch

Jewry and is astonished to see the youthful face of his beloved mother staring back at him, posing with his father, his older sister...and an infant he doesn't recognize. This unsettling discovery launches him into a fervent search for the truth, shining a light on Amsterdam's dark wartime history—the underground networks that hid Jewish children away from danger and those who betrayed their own for the sake of survival. The deeper into the past Yoel digs up, the better he understands his mother's silence, and the more urgent the question that has unconsciously haunted him for a lifetime—Who am I?—becomes. Part family mystery, part wartime drama, *House on Endless Waters* is “a rewarding meditation on survival” (Kirkus Reviews, starred review) and a “deeply immersive achievement that brings to life stories that must never be forgotten” (USA TODAY).

Jack and Annie travel in their magic treehouse to the year 1621, where they celebrate the first Thanksgiving with the Pilgrims and Wampanoag Indians in the New Plymouth Colony.

There was once an emperor who was only interested in one thing, his clothes. He spent all his money on his outfits and had a different one for every time of day and every occasion. One day, two thieves arrived in town pretending to be weavers who knew how to make the most beautiful and sophisticated fabrics, which had the marvellous property of only being visible to those who did their job well.. It was the perfect offer for our king, who immediately placed an order. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Romanian exile Norman Manea's internationally acclaimed memoir/novel, now available to English-language readers At the center of *The Hooligan's Return* is the author himself, always an outcast, on a bleak lifelong journey through Nazism and communism to exile in America. But while Norman Manea's book is in many ways a memoir, it is also a deeply imaginative work, traversing time and place, life and literature, dream and reality, past and present. Autobiographical events merge with historic elements, always connecting the individual with the collective destiny. Manea speaks of the bloodiest time of the twentieth century and of the emergence afterward of a global, competitive, and sometimes cynical modern society. Both a harrowing memoir and an ambitious epic project, *The Hooligan's Return* achieves a subtle internal harmony as anxiety evolves into a delicate irony and a burlesque fantasy. Beautifully written and brilliantly conceived, this is the work of a writer with an acute understanding of the vast human potential for both evil and kindness, obedience and integrity.
