

I Survived The Sinking Of The Titanic

A heartwarming story from the author of the I Survived series The endearing, if not quirky, Emma-Jean Lazarus is back in the companion to Emma-Jean Lazarus Fell Out of a Tree. When Emma-Jean thinks about asking Will Keeler to the Spring Fling dance, she gets a fluttering feeling in her heart. What would someone like Will say to someone like Emma-Jean? After all, Emma-Jean is a little—different. Meanwhile, Emma-Jean's best friend, Colleen, has a secret admirer. With the Spring Fling just days away, she asks Emma-Jean to figure out who he is so maybe then Colleen could ask him to the dance. It's a perfect plan. But what Emma-Jean discovers could have consequences for everyone?. Books have been written, films made, we have raised the Titanic and watched her go down again on numerous occasions, but out of the wreckage Frances Wilson spins a new epic: when the ship hit the iceberg on 14 April 1912 and a thousand men prepared to die, J Bruce Ismay, the ship's owner and inheritor of the White Star fortune, jumped into a lifeboat with the women and children and rowed away to safety. Accused of cowardice, Ismay became, according to one headline, 'The Most Talked-of Man in the World'. The first victim of a press hate campaign, his reputation never recovered and while other survivors were piecing together their accounts, Ismay never spoke of his beloved ship again. With the help of that great narrator of the sea, Joseph Conrad, whose Lord Jim so uncannily predicted Ismay's fate - and whose manuscript of the story of a man who impulsively betrays a code of honour and lives on under the strain of intolerable guilt went down with the Titanic - Frances Wilson explores the reasons behind Ismay's jump, his desperate need to make sense of the horror of it all, and to find a way of living with lost honour. For those who survived the Titanic the world was never the same again. But as Wilson superbly demonstrates, we all have our own Titanics, and we all need to find ways of surviving them.

My wife just shot our waiter between the eyes when he came in with breakfast! But, he had it coming to him as he had a gun on the tray and was going to give us Eggs Benedict with a Glock! Join Marsha and I as we work really hard to protect the Sea Empress and her passengers from threats from every direction. There have been so many shots taken at this ship by terrorists that the cruise line thought their business would sink. That is why we were hired to provide security. Things go so bad that the passengers were taking photos and video and emailing the explosions and hostage scene to CNN and Fox News. Instead of scaring off passengers, bookings for the ship went through the roof. The Seven Seas Company caught the spirit of the passengers and even set up a special for the ship theatre with a pirate theme! Finally, my wife and I needed a break and took a week off to sail on a private charter at the Grenadines and wouldn't you know, two local thugs dressed up as pirates tried to rob us while we sat at anchor for an intimate dinner for two. Well, our cook was great at other things besides her lobster spaghetti.

The terrifying details of the 1906 San Francisco earthquake jump off the page! More than a century later, the Galveston Hurricane of 1900 is still America's deadliest disaster. Lauren Tarshis's story of one child surviving the horrible event churns with page-turning action and bold hope. The city of Galveston, Texas, was booming. Perched on an island off the southern coast of Texas, Galveston had been founded in the 1830s. By 1900, it was Texas's richest and most important city. Boats loaded up with American cotton and wheat steamed from Galveston to countries around the world. Arriving ships were

crowded with immigrants. The streets, paved with crushed oyster shells, sparkled like they'd been sprinkled with diamonds True, this glittering city was prone to flooding. But just a few years before, a weather forecaster had said the idea of a hurricane striking Galveston was absurd. So when a storm started brewing on September 8, 1900, no one believed it would be any worse than previous storms. They gathered on the beach to cheer on the wild waves. But what started as entertainment soon turned into a nightmare as those wild waves crashed into the city. By morning, hundreds of homes were destroyed. Eight thousand people were dead. The city had all but disappeared. In this thrilling installment of Lauren Tarshis's New York Times bestselling I Survived series, one child finds safety only to head back into the treacherous waters to make sure his neighbors are safe.

This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece.

Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.
