In Renaissance and early modern Europe, various constellations of phenomena-ranging from sex scandals to legal debates to flurries of satirical prints-collectively demonstrate, at different times and places, an increased concern with cuckoldry, impotence and adultery. This concern emerges in unusual events (such as scatological rituals of house-scorning), appears in neglected sources (such as drawings by Swiss mercenary soldier-artists), and engages innovative areas of inquiry (such as the intersection between medical theory and Renaissance comedy). Interdisciplinary analytical tools are here deployed to scrutinize court scandals and decipher archival documents. Household recipes, popular literary works and a variety of visual media are examined in the light of contemporary sexual culture and contextualized with reference to current social and political issues. The essays in this volume reveal the central importance of sexuality and sexual metaphor for our understanding of European history, politics and culture, and emphasize the extent to which erotic presuppositions underpinned the early modern world. Counterfactual thinking is a universal cognitive

process in which reality is compared to an imagined view of what might have been. This type of reasoning is at the center of daily operations, as decision-making, risk preventability or blame assignment. More generally, non-factual scenarios have been defined as a crucial ingredient of desire and modern love. If the areas covered by this reasoning are so varied, the L2 learner will be led to express 'what might have been' at some point of her acquisitional itinerary. How is this reasoning expressed in French, Spanish and Italian? By the use of what lexical, syntactic and grammatical devices? Will the learner combine these devices as the native French speakers do? What are the L1 features likely to fossilize in the L2 grammar? What are the information principles governing a communicative task based on the production of counterfactual scenarios? These are some of the questions addressed by the present volume.

After reviewing, from a grammaticalization perspective, the main stages in the evolution of Italian object clitic pronouns, the book discusses the distinctive morphosyntactic, semantic, and pragmatic features of Italian clitics. In particular, the book offers an original study of the most common examples of so-called *verbi procomplementari*, verbs which are characterized by the incorporation of clitics that no longer function as pronouns, and which are widely used in present-day Italian. Their emergence involves both grammaticalization of the clitic pronoun into an obligatory element, and lexicalization of the verb+clitic sequence. This study is essentially descriptive and

maximally data-driven. The discussion of grammaticalization and lexicalization is reduced to the essentials and aims primarily at defining how these terms, which have received different and at times divergent interpretations, are employed in the book. The book is accessible to a wide and varied readership, which includes Italian and Romance linguists of functional and formal orientation, Italian language scholars, grammaticalization scholars interested in new case studies, as well as students of language change and variation.

Sharpen your ITALIAN grammar with skill-building exercises

If you want to be proficient in Italian, you have to master its grammar. The best way to perfect your grammar skills is through drills, drills, and more drills. Adjectives and adverbs * Comparatives and superlatives *

Present tense versus past tense * Prepositions * Passive

voice * Verbal expressions and constructions * and more

Ultima opera pubblicata in vita da Balzac, Splendori e miserie delle cortigiane è una storia convulsa e dai ritmi accelerati, in cui si susseguono colpi di scena, incredibili coincidenze e arditi travestimenti. Il protagonista è Lucien de Rubempré, il poeta fallito già incontrato in Illusioni perdute, che ora, pedina del diabolico protettore Vautrin, si vende, si prostituisce, asservito alla potenza di una volontà superiore che finirà per schiacciarlo.

Accanto a lui, grandi aristocratici, ricchi banchieri, donne

disinvolve che spingono il crimine, l'amore, il desiderio di potere, e cioè in fondo la vita stessa, alle sue ultime conseguenze, oltre il confine tra il bene e il male.

This book is a research monograph on impersonal si constructions (ISC) in Italian within the Minimalist program framework. The book offers a new point of view on ISCs, providing a new set of crucial data that were previously unknown, and pointing out many characteristics of ISCs that were overlooked before. It results in the introduction of additional means of syntactic analysis at the edge between narrow syntax and pragmatics.

Learn the language of la dolce vita! For anyone who wants to learn and enjoy the most expressive and romantic of languages, the third edition of 'The Complete Idiot's Guide to Learning Italian' is the first choice for a whole new generation of enthusiastic students of Italian. This updated edition includes two new quick references on verbs, grammar, and sentence structure; two new appendixes on Italian synonyms and popular idiomatic phrases; and updated business and money sections. First two editions have sold extraordinarily well. Italian is the fourth most popular language in the United States.
