Add a little flash to your "many thanks" message with Galison's Merci Beaucoup thank you notes. Each cute tent-fold card is embellished with glitter.

NEW YORK TIMES BESTSELLER • From the veteran political journalist and 60 Minutes correspondent, a deep dive into the history, evolution, and current state of the American presidency, and how we can make the job less impossible and more productive—featuring a new post-2020–election epilogue “This is a great gift to our sense of the actual presidency, a primer on leadership.”—Ken Burns Imagine you have just been elected president. You are now commander-in-chief, chief executive, chief diplomat, chief legislator, chief of party, chief voice of the people, first responder, chief priest, and world leader. You’re expected to fulfill your campaign promises, but you’re also expected to solve the urgent crises of the day. What’s on your to-do list? Where would you even start? What shocks aren’t you thinking about? The American presidency is in trouble. It has become overburdened, misunderstood, almost impossible to do. “The problems in the job unfolded before Donald Trump was elected, and the challenges of governing today will confront his successors,” writes John Dickerson. After all, the founders never intended for our system of checks and balances to have one superior Chief Magistrate, with Congress demoted to “the little brother who can’t keep up.” In this eye-opening book, John Dickerson writes about presidents in history such as Washington, Lincoln, FDR, and Eisenhower, and in contemporary times, from LBJ and Reagan and Bush, Obama, and Trump, to show how a complex job has been done, and why we need to reevaluate how we view the presidency, how we choose our presidents, and what we expect from them once they are in office. Think of the presidential campaign as a job interview. Are we asking the right questions? Are we looking for good campaigners, or good presidents? Once a candidate gets the job, what can they do to thrive? Drawing on research and interviews with current and former White House staffers, Dickerson defines what the job of president actually entails, identifies the things that only the president can do, and analyzes how presidents in history have managed the burden. What qualities make for a good president? Who did it well? Why did Bill Clinton call the White House “the crown jewel in the American penal system”? The presidency is a job of surprises with high stakes, requiring vision, management skill, and an even temperament. Ultimately, in order to evaluate candidates properly for the job, we need to adjust our expectations, and be more realistic about the goals, the requirements, and the limitations of the office. As Dickerson writes, “Americans need their president to succeed, but the presidency is set up for failure. It doesn’t have to be.”

The Eiffel Tower is bored so it decides to cut loose and fly over Paris! Sailing through the night air, it glides over the Seine; a short hop away, its Opera. It weaves through the crowd and department stores, falls asleep in the sun, and wakes up to the jangling bells of Notre Dame. This beautifully crafted book, full of meticulous lasercuts, is a wonderfully imaginative introduction to Paris for young children.

ONE OF NPR’S BEST BOOKS OF 2019 From the award-winning author of Together Tea—a debut novel hailed as “compassionate, funny, and wise” by Jill Davis, bestselling author of Girls’ Poker Night—comes a powerful love story exploring loss, reconciliation, and the quirks of fate. Roya is a dreamy, idealistic teenager living in 1953 Tehran who, amidst the political upheaval of the time, finds a literary oasis in kindly Mr. Fakhri’s neighborhood book and stationery shop. She always feels safe in his dusty store, overflowing with fountain pens, shiny ink bottles, and thick pads of soft writing paper. When Mr. Fakhri, with a keen instinct for a budding romance, introduces Roya to his other favorite customer—handsome Bahman, who has a burning passion for justice and a love for Rumi’s poetry—she loses her heart at once. And, as their romance blossoms, the modest little stationery shop remains their favorite place in all of Tehran. A few short months later, on the eve of their marriage, Roya agrees to meet Bahman at the town square, but suddenly, violence erupts—a result of the coup d’etat that forever changes their country’s future. In the chaos, Bahman never shows. For weeks, Roya tries desperately to contact him, but her efforts are fruitless. With a sorrowful heart, she resigns herself to never seeing him again. Until, more than sixty years later, an accident of fate leads her back to Bahman and offers her a chance to ask him the questions that have haunted her for more than half a century: Why did he leave? Where did he go? How was he able to forget her? The Stationery Shop is a beautiful and timely exploration of devastating loss, unbreakable family bonds, and the overwhelming power of love.

Snuggling up for a bedtime story. Kissing a sore knee to make it better. Pushing the swing as high as the sky. There are a million different reasons to say...Thanks Mum!

Linen finish, glitter accents, scalloped edge, embossed.

Sharon Santoni writes the popular blog My French Country Home. She is the author of My Stylish French Girlfriends (Gibbs Smith). She resides in Normandy, France.

Jimmy Fallon is very thankful. And in this first book to come from his TV show, he expresses his gratitude for everything from the light bulb he's too lazy to replace to the F12 button on his computer's keyboard. He thanks microbreweries for making his alcoholism seem like a neat hobby. He thanks the name "Lloyd" for having two L's. Otherwise it would just sound like "Loyd." He thanks the slow-moving family walking in front of him on the sidewalk. Without this "barricade of idiots," he might never have been forced to walk in the street and risk getting hit by a car in order to get around them. He's thankful to you, the person reading this right now. It means you're considering buying this book. You should do it. You will be thankful that you did.

Every occasion calls out for something extra, whether it's flowers you set on the table, foods to honor a special gathering, or the selection of music. For both hostess and guest, consideration of those around you is among the most important qualities for any enjoyable occasion. A smile and sense of humor are also essential, and before the canapés and night lighting a good hostess is ultimately defined by a welcoming and gracious demeanor. In Occasions, designer Kate Spade invites you into her world of easy, festive entertaining, where the emphasis is not on "the perfect meal" but on having "the perfect time." It's a world where laughter and conversation at dinner parties are encouraged and where spilled red wine on the couch is no reason to stop the music. As Kate says, "Making your guests feel at home is truly an art and it's one worth cultivating." Any occasion begins with preparation, and at the outset Kate describes such basic components as lighting (votive candles are a must); table linens, flatware, and glassware; flowers (trimmed short and tightly massed); even bedding for overnight or weekend guests. Party shopping lists, hors d'oeuvres and cocktail favorites, and dinner party menus are all included. An "Alphabet of Special Events," from baby showers to tailgate picnics, is both anecdotal and useful for would-be hostesses everywhere. Whether you entertain a lot or a little, and whether your style is casual or formal, Occasions, with more than 230 charming watercolor illustrations, is a handy and fresh approach to the subject, a book to be treasured today and over the years. Above all, at any gathering "hospitality makes for infectious fun."

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

The book everyone is talking about: how the French manage to raise well-behaved children, and have a life! Who hasn't noticed how well-behaved French children are, compared to our own? How come French babies sleep through the night? Why do French children happily eat what is put in front of them? How can French mothers chat to their friends while their children play quietly? Why are French mothers more likely to be seen in skinny jeans than tracksuit bottoms?

3 1/2 x 5 note cards w/ glossy highlights. Blank interior.

Your girlfriends believe in God but do they know He believes in them? His heart toward your friends is filled with desire and determination to bless, help, and promote them. He wants to treat each one as "special." This book encourages, nurtures, and inspires friends to discover their unique beYOUtiful spirit.

A lavishly illustrated and beautifully designed book that celebrates the work of the great fashion illustrators from late-19th century to the present day. The book covers the work of fashion illustrators, such as Rene Gruau and Antonio Lopez, fine artists such as Boldini and Warhol, and graphic designers such as Tony Viramontes and Bob Peak.

Artist Cat Seto, founder of the acclaimed Ferme à Papier brand, introduces you to the City of Light as never before in this distinctive volume—both a visual feast and celebration of the artistic process—filled with lavish illustrations and descriptive meditations that capture the quotidian pleasures of France's capital city and how they have inspired creativity. In Impressions of Paris, Cat Seto takes you on a dazzling and enlightening tour of Paris, from familiar sights to hidden surprises, to reveal this legendary city as never before.

Combining informative and entertaining vignettes, stories, and notes with stunning full-color illustrations, she draws parallels between the city and the art it inspires. Organized around four main principles of art—color, pattern, perspective, and rhythm—Impressions of Paris is a celebration of the artistic spark in the city's mundane yet marvelous details:

the pistachio and cassis palette triggered by the ice cream case at Berthillon; how a rainy stroll through an open air market transforms into a smudgy gouache (pronounced gwash) pattern; the lovely ubiquity of the iconic French stripe, the Breton. Pretty and inventive, surprising and stimulating, Impressions of Paris captures the beauty and charms of this stunning city and extols its power to stimulate the creative imagination—inviting artists and art appreciators to intimately experience a painter's process.

Get ready to bloom and learn all about flowers and plants with the Cat in the Hat--a perfect gift for aspiring gardeners on Earth Day and every day! The Cat in the Hat's Learning Library is a nonfiction picture book series that introduces beginning readers ages 5-8 to important basic concepts. An easy and fun introduction to plant biology! Habitually Chic is author Heather Clawson's wildly popular blog about the finer things in life--high fashion, fine art, interior design, and arresting architecture. For "Habitually Chic: Creativity at Work," Ms. Clawson has narrowed her vision and using the good will generated by her blog has found her way into the workspaces of the world's foremost cultural generators. The studios, workshops, offices, and creative sanctuaries of top designers, artists, editors, architects, and more are captured and presented in detail.

With a little humor, a bit of whimsy, and a lot of heart, this book celebrates someone who is everything a human should be. Pairing bright, energetic statements with colorful imagery, You're a Good Human offers both playful and sincere ways to say thanks for being altogether wonderful. Give it to a teacher, a volunteer, or a great friend--someone who makes the world better just by being exactly who they are!

One recent December, at age 53, John Kralik found his life at a terrible, frightening low: his small law firm was failing; he was struggling through a painful second divorce; he had grown distant from his two older children and was afraid he might lose contact with his young daughter; he was living in a tiny apartment where he froze in the winter and baked in the summer; he was 40 pounds overweight; his girlfriend had just broken up with him; and overall, his dearest life dreams--including hopes of upholding idealistic legal principles and of becoming a judge--seemed to have slipped beyond his reach. Then, during a desperate walk in the hills on New Year's Day, John was struck by the belief that his life might become at least tolerable if, instead of focusing on what he didn't have, he could find some way to be grateful for what he had. Inspired by a beautiful, simple note his ex-girlfriend had sent to thank him for his Christmas gift, John imagined that he might find a way to feel grateful by writing thank-you notes. To keep himself going, he set himself a goal--come what may--of writing 365 thank-you notes in the coming year. One by one, day after day, he began to handwrite thank yous--for gifts or kindnesses he'd received from loved ones and coworkers, from past business associates and current foes, from college friends and doctors and store clerks and handymen and neighbors, and anyone, really, absolutely anyone, who'd done him a good turn, however large or small. Immediately after he'd sent his very first notes, significant and surprising benefits began to come John's way--from financial gain to true friendship, from weight loss to inner peace. While John wrote his notes, the economy collapsed, the bank across the street from his office failed, but thank-you note by thank-you note, John's whole life turned around. 365 Thank Yous is a rare memoir: its touching, immediately accessible message--and benefits--come to readers from the plainspoken storytelling of an ordinary man. Kralik sets a believable, doable example of how to live a miraculously good life. To read 365 Thank Yous is to be changed.

Deborah Norville's groundbreaking and persuasive book argues that gratitude is the secret key to unlocking one's full life potential. Thank You. Can such small words hold life-changing power? Yes! Rooted in science, presented from a spiritual perspective, Thank You Power details the surprising life improvements that can stem from the practice of gratitude. In this eye-opening book, Deborah Norville brings together for the first time the behavioral and psychological research that prove what people of faith have long known: giving thanks brings life blessings. Beginning with two small words, thank you, Norville shows how anyone can be happier and more resilient, have better relationships, improved health, and less stress. After two years of scientific research, Norville brings it all together with powerful personal stories of thank you power in action and gives specific steps for readers to cultivate thank you power and put it to work in their own lives.
