Conversación en las aulas. Ensayos de investigación biográfica narrativa en educación ofrece una reflexión sobre el relato de sí en la educación, con un especial interés por las voces particulares de los individuos, la performatividad y la experiencia personal. El autor apuesta por una dialéctica de escucha recíproca y destaca el valor del concepto de experiencia, que está en la raíz de las narrativas de vida de los actores sociales, entre las que se cuentan las biografías de alumnos y profesores cultivadas en el espacio escolar. Se trata de un libro de interés multidisciplinario que aboga por las miradas plurales que responden a distintos horizontes de sentido, acentos y perspectivas. La obra propone, también, que la tendencia biográfica narrativa en la educación va de la mano de una pedagogía de la memoria y del testimonio como respuesta incondicional al otro, la cual hace posible el despertar de una conciencia histórica lúcida fundada en el ejercicio de un pensamiento crítico y liberador.

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

"The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world.... The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies." —Latin American Research Review Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon, of the Library of Congress Hispanic Division, has been the editor since 2000, and Katherine D. McCann has been assistant editor since 1999. Nostradamus, or Michel de Nostredame, was a physician and astrologer during the time of the Black Death. His most famous book “Les Prophéties,” or “the Prophecies,” was first published in 1555. Some scholars believe that, in this volume, he predicted a number of world events, such as the rise of Napoleon and the death of Hitler, and that it also predicts the coming of the Antichrist and the end of the world. This volume contains annotations and parallel texts. A modern English translation accompanies the original, Mediaeval French—the language in which Nostradamus originally wrote his prophecies—, helping the reader to understand both the original language and the translation of this critical work of eschatology. This edition also contains fragments of the questionable 11th and 12th centuries.
