From the author of the extraordinary Vampire Chronicles comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in

childhood by fire on Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a château in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax.

In the fourth novel in Anne Bishop's New York Times bestselling series, the Others will need to decide how much humanity they're willing to tolerate—both within themselves and their community... Since the Others allied themselves with the cassandra sangue, the fragile yet powerful human blood prophets who were being exploited by their own kind, the dynamic between humans and Others has changed. Some, such as Simon Wolfgard, wolf shifter and leader of the Lakeside Courtyard, and blood prophet Meg Corbyn see the closer companionship as beneficial. But not everyone is convinced. A group of radical humans is seeking to usurp land through a series of violent attacks on the Others. What they don't realize is that there are older and more dangerous forces than shifters and vampires protecting the land—and those forces are willing to do whatever is necessary to safeguard what is theirs...

In Europe and North and South America during the early modern period, people believed that their dreams might be, variously, messages from God, the machinations of demons, visits from the dead, or visions of the future. Interpreting their dreams in much the same ways as their ancient and medieval forebears had done—and often using the dream-guides their predecessors had written—dreamers rejoiced in heralds of good fortune and consulted physicians, clerics, or practitioners of magic when their visions waxed ominous. *Dreams, Dreamers, and Visions* traces the role of dreams and related visionary experiences in the cultures within the Atlantic world from the late thirteenth to early seventeenth centuries, examining an era of cultural encounters and transitions through this unique lens. In the wake of

Reformation-era battles over religious authority and colonial expansion into Asia, Africa, and the Americas, questions about truth and knowledge became particularly urgent and debate over the meaning and reliability of dreams became all the more relevant. Exploring both indigenous and European methods of understanding dream phenomena, this volume argues that visions were central to struggles over spiritual and political authority. Featuring eleven original essays, *Dreams, Dreamers, and Visions* explores the ways in which reports and interpretations of dreams played a significant role in reflecting cultural shifts and structuring historic change. The German Mystic born in the latter part of the Eighteenth Century, Blessed Anne Catherine Emmerich, was privileged by Almighty God with sensory visions disclosing the earthly life of God Incarnate, of His Holy Mother, the Virgin Mary and of the progression of salvation history from Genesis to the Apocalypse. In this short book, the reader will find a carefully collated set of rosary meditations faithfully drawn from the texts of these visions. Meditations taken directly from our saint's writings are provided for every bead of the rosary, allowing you to ponder at greater depth the secrets revealed to Blessed Anne Catherine and enable you to truly immerse yourself in the marvelous historical events which occurred in the life of Our Divine Redeemer and His Holy Mother. This work is a work of prayer and was revised multiple times in order to offer golden nuggets of contemplative material in every bead of Our Lady's Psalter. For the benefit of the reader, meditations have also been offered, once again, drawn entirely from Our Saint's writings, for the Mysteries of Light, which are popular among many Catholics, as well as five additional mysteries, entitled "the Hopeful Mysteries", which cover events in Salvation History and in the life of Our Blessed Mother prior to the Incarnation. Blessed Anne offers a wealth of detail for each of these mysteries and these details have been collated for you in this short volume. "A Retreat in a Book"—Rev. Fr. Daniel Weatherley (Sub Dean of St. George's Cathedral, Southwark) "I was very impressed with Fr Higgins' collation of Blessed Anne's writings, these Rosary Meditations are among the best I have come across, there is often enough contained in one bead's meditation to cover the entire decade, and so it is a book one can return to again and again"—James Stubbs Esq. (Lay leader and Catholic Politician) "A great preaching resource for the Mysteries of the Rosary"—Rev. Fr James Cadman (International speaker and parish mission giver)

Animal Visions considers how literature responds to the harms of anthropocentrism, working with Emily Brontë's *Wuthering Heights* (1847) and various adaptations of this canonistic novel to show how posthumanist dream writing unsettles the privileging of the human species over other species. Two feminist and post-Freudian responses, Kathy Acker's poem "Obsession" (1992) and Anne Carson's "The Glass Essay" (1997) most strongly extend Brontë's dream writing in this direction. Building on the trope of a ludic Cathy ghost who refuses the containment of logic and reason, these and other adaptations offer the gift of a radical perihysteria. This emotional excess is most clearly seen in Kate Bush's music video "Wuthering Heights" (1978) and Peter Kosminsky's film *Wuthering Heights* (1992). Such disturbances make space for a moor love that is particularly evident in Jane Urquhart's novel *Changing Heaven* (1989) and, to a lesser extent Sylvia Plath's poem, "Wuthering Heights" (1961). Brontë's *Wuthering Heights* and its most productive afterings make space for co-affective relations between humans and other animal beings. Andrea Arnold's film *Wuthering Heights* (2011) and Luis Buñuel's *Abismos de Pasión* (1954) also highlight the rupturing split gaze of non-acting animals in their films. In all of these works depictions of intra-active and entangled

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In *How Big Is Your God?* Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.

From angels to demonic specters, astonishing visions to devilish terrors, dreams inspired, challenged, and soothed the men and women of seventeenth-century New England. English colonists considered dreams to be fraught messages sent by nature, God, or the Devil; Indians of the region often welcomed dreams as events of tremendous significance. Whether the inspirational vision of an Indian sachem or the nightmare of a Boston magistrate, dreams were treated with respect and care by individuals and their communities. Dreams offered entry to "invisible worlds" that contained vital knowledge not accessible by other means and were viewed as an

important source of guidance in the face of war, displacement, shifts in religious thought, and intercultural conflict. Using firsthand accounts of dreams as well as evolving social interpretations of them, *Dreams and the Invisible World in Colonial New England* explores these little-known aspects of colonial life as a key part of intercultural contact. With themes touching on race, gender, emotions, and interior life, this book reveals the nighttime visions of both colonists and Indians. Ann Marie Plane examines beliefs about faith, providence, power, and the unpredictability of daily life to interpret both the dreams themselves and the act of dream reporting. Through keen analysis of the spiritual and cosmological elements of the early modern world, Plane fills in a critical dimension of the emotional and psychological experience of colonialism.

The compelling diary of a young girl on the brink of maturity as her life draws to toward its tragic end -- one of the most moving and vivid documents of the Jewish experience. In the United States, public talk about charity for the poor is highly moralistic, even in our era of welfare reform. But how do we understand the actual experience of caring for the poor? This study looks at the front lines of volunteer involvement with the poor and homeless to assess what volunteer work means for those who do it. Rebecca Allahyari profiles volunteers at two charities—Loaves & Fishes and The Salvation Army—to show how they think about themselves and their work, providing new ways for discussing charity and morality. Allahyari explores these agencies' differing ideological orientations and the raced, classed, and gendered contexts they provide volunteers for doing

charitable work. Drawing on participant observation, intensive interviewing, and content analysis of organizational publications, she looks in particular at the process of self-improvement for these volunteers. The competing visions of charity Allahyari finds at these two organizations reveal the complicated and contradictory politics of caring for the poor in the United States today.

Addressing one of the most pressing cultural questions of our generation, Dennis Baron reveals the untold story of how we got from he and she to zie and hir and singular-they. Like trigger warnings and gender-neutral bathrooms, pronouns are sparking a national debate, prompting new policies in schools, workplaces, even prisons, about what pronouns to use. Colleges ask students to declare their pronouns along with their majors; corporate conferences

print name tags with space to add pronouns; email signatures sport pronouns along with names and titles. Far more than a by-product of the culture wars, gender-neutral pronouns are, however, nothing new. Pioneering linguist Dennis Baron puts them in historical context, noting that Shakespeare used singular-they; women invoked the generic use of he to assert the right to vote (while those opposed to women's rights invoked the same word to assert that he did not include she); and people have been coining new gender pronouns, not just hir and zie, for centuries. Based on Baron's own empirical research, *What's Your Pronoun?* chronicles the story of the role pronouns have played—and continue to play—in establishing both our rights and our identities. It is an essential work in understanding how twenty-first-century culture has evolved.

First Beginnings is the initial volume of the long-awaited "New Light on the Visions of Anne Catherine Emmerich" series. The first part begins with the visionary's account of Creation, moves through the Fall of the Angels and the formation of the Earth and Paradise, and ends with the mysterious Mountain of the Prophets. The second part presents Adam and Eve, the Trees of Life and Knowledge, the Fall, the Promise of the Redeemer, Cain and Abel, the Children of God, the Giants, Enoch, Noah, and the Tower of Babel, as well as other ancient figures (Hom, Jamshid, Nimrod, Derketo, Semiramis, Melchizedek), concluding with Job. In the third part fascinating new insights are given into the lives and missions of the patriarchs Abraham, Isaac, Jacob, and their families. Anne Catherine Emmerich was born on September 8, 1774, at Flamske, Germany. From early childhood she was blessed with the gift of spiritual

sight and lived almost constantly in inner vision of scenes of the Old and New Testaments. Later, her visions became concerned primarily with the life of Jesus Christ, although they encompassed also the lives of many saints and other personages (some unknown to history) as well as far-reaching insights into many other mysteries. In 2004 she was beatified by Pope John Paul II. This series supplements an earlier Angelico publication: *The Visions of Anne Catherine Emmerich, Books I-III*. In 2009 the original notes of Anne Catherine's visions (in 38 notebooks) became for the first time available for reference, and the present series incorporates much new material translated therefrom. With regard to both individuals and themes, every reference thus far located in the notes and in prior translations have been woven together, so the reader can find in one place almost all of what Anne Catherine had to say on each topic. As regards the series as a whole, virtually every individual in the biblical visions (approximately 250 in total) is referenced in the five *People of the New Testament* volumes. *The Life of the Virgin Mary* is dedicated to Mary (and her Essene ancestry), and *Scenes from the Lives of the Saints* treats of fifty-nine saints. The present volume forms a set with *Mysteries of the Old Testament* and two further volumes cover a multitude of separate themes: *Inner Life and Worlds of Soul & Spirit* and *Spiritual Works and Journeys*. The final volume is *The Life of Anne Catherine Emmerich*.

Angelico Press has completed their monumental, decade-long project of republishing Anne Catherine Emmerich's visions of the life of Jesus in a large-format, double-column trilogy of nearly 1,700 pages. It is unlike any other edition of her work ever published.

The visions of Blessed Anne Catherine Emmerich are the world's greatest source of detail on the life of St. Mary Magdalen -- great sinner and penitent. Fully referenced to The Life of Jesus Christ (their source), these pages agree completely with Sacred Scripture, but also tell of Mary Magdalen's sinful life from age 9, her extravagant attire, her second repentance after falling back into sin, her exorcism by Our Lord, His defense of her against the self-righteous, her relationship with Martha and Lazarus, her external appearance, her role at Calvary and much more.
