

The Complete World Greek Mythology

The world-renowned classic that has enthralled and delighted millions of readers with its timeless tales of gods and heroes. Edith Hamilton's mythology succeeds like no other book in bringing to life for the modern reader the Greek, Roman and Norse myths that are the keystone of Western culture—the stories of gods and heroes that have inspired human creativity from antiquity to the present. We follow the drama of the Trojan War and the wanderings of Odysseus. We hear the tales of Jason and the Golden Fleece, Cupid and Psyche, and mighty King Midas. We discover the origins of the names of the constellations. And we recognize reference points for countless works for art, literature and culture inquiry—from Freud's Oedipus complex to Wagner's Ring Cycle of operas to Eugene O'Neill's Mourning Becomes Electra. Both a reference text for scholars of all ages and a book to simply enjoy, Mythology is a classic not to be missed.

An introduction to the gods and goddesses of ancient Greece.

Provides a brief history of Greek mythology, describes the gods, goddesses, heroes, and heroines contained within it, and presents several myths.

Mythos is a modern collection of Greek myths, stylishly retold by legendary writer, actor, and comedian Stephen Fry. Fry transforms the adventures of Zeus and the Olympians into emotionally resonant and deeply funny stories, without losing any of their original wonder. This stunning book features classical artwork inspired by the myths, as well as learned notes from the author. • Each adventure is infused with Fry's distinctive wit, voice, and writing style • Connoisseurs of the Greek myths will appreciate this fresh-yet-reverential interpretation, while newcomers will feel welcome • Retellings brim with humor and emotion and offer rich cultural context Celebrating the thrills, grandeur, and unabashed fun of the Greek myths, Mythos breathes life into ancient tales—from Pandora's box to Prometheus's fire. This gorgeous volume invites you to explore a captivating world with the brilliant storyteller Stephen Fry as your guide. • A collectible volume complete with a textured case, a foil-stamped jacket, and full-color art throughout • The perfect gift for Greek mythology and history buffs, lovers of ancient Greece, art aficionados, and devoted fans of Stephen Fry • Add it to the shelf with books like Circe by Madeline Miller, Norse Mythology by Neil Gaiman, and Mythology: Timeless Tales of Gods and Heroes by Edith Hamilton

From Titans to Olympians, The World of Greek Mythology delivers an action-packed retelling of the myths, from how the world was created to a personal take on some of the greatest and mightiest gods and goddesses. If you love Greek mythology or are keen to learn more, this book is sure to delight and captivate your imagination.

A potent pantheon of gods, heroes engaged in epic battles, fearsome mythical creatures and supernatural transformations – such fantastical elements infuse Greek myths with a wonder and excitement that's hard to beat. These tales of love, courage, conflict and intrigue, shared for thousands of years, still exercise a powerful influence on our modern lives.

The ancient Greeks believed there were a great number of gods and goddesses. These gods had control over many different aspects of life on earth. In many ways they were very human. They could be kind or mean, angry or pleasant, cruel or loving. They fell in love with each other, argued with each other and even stole from each other. The ancient Greeks built great temples and sanctuaries to their gods. They held festivals in their honour, with processions, sports, sacrifices and competitions. Stories of the gods' exploits were told to children by their mothers and to large audiences by professional bards and storytellers. People today still enjoy hearing stories about the Greek gods. This book tells the tales of gods and goddesses such as Zeus, Aphrodite, Apollo, and Athena and heroes and monsters such as Helen of Troy, Perseus, and Medusa will fascinate and engage your imagination. Here is a selection of what you will learn: The Creation and the Gods The Olympian Gods (and a few others) Prometheus, Epimetheus and Pandora Psyche and Eros Oedipus and His Children The Trojan War Learn more about Greek Gods NOW and scroll up to the top of this page and BUY it Now!

This work brings together Richard Buxton's studies of Greek mythology and Greek tragedy, focusing especially on the interrelationship between the two. Situating and contextualising topics and themes within the world of ancient Greece, he traces the intricate variations and retellings which they underwent in Greek antiquity.

In this new and substantially revised edition of H. J. Rose's classic survey and analysis of the evolution and tradition of Greek myth, Robin Hard adds various features which bring the work up-to-date with contemporary scholarship and address the needs of students. * a new preface analysing and contextualising H. J. Rose's attitude to myth * a new chapter devoted to the epic and other poetic sources of the myths, narrative prose mythography and the various forms of rationalisation * a new chapter examining the relationship between the different myths of Gods and heroes, with genealogical tables. Robin Hard shows how the myths of individual families and distinct locations hold together to form a coherent pseudo-historical pattern * extensively revises and simplifies notes * a new annotated bibliography. A Handbook of Greek Mythology presents an invaluable and user-friendly guide to the myths and legends of ancient Greece - their genesis, sources, development and significance.

The bestselling compendium of ancient Greece's timeless tales and towering figures of mythology from a classics expert. The world of Greek mythology contains some of the most exciting and imaginative stories ever told. In Heroes, Gods and Monsters of the Greek Myths, bestselling author Bernard Evslin shares his passion for these fabulous tales and the eternal themes they so beautifully express. In this accessible overview, you'll get to know the iconic gods, heroes, and tragic figures: Zeus, the all-powerful king of the gods; Hera, his cunning and jealous wife; King Midas, whose touch could turn anything into gold; the sculptor Pygmalion, who falls in love with his own creation; and many more. With each story, Evslin brings new life to these legendary characters and the magical world they inhabit. Translated into multiple languages, and with more than ten million copies sold, this invaluable resource has become a classic in itself.

"I doubt I would have grown up to be the writer and artist I became had I not fallen in love with D'Aulaire's Book of Greek Myths at the age of seven."—R. J. Palacio, author of Wonder Kids can lose themselves in a world of myth and magic while learning important cultural history in this beloved classic collection of Greek mythology. Now updated with a new cover and an afterword featuring never-before-published drawings from the sketchbook of Ingri and Edgar D'Aulaire, plus an essay about their life and work and photos from the family archive. In print for over fifty years, D'Aulaires Book of Greek Myths has introduced generations to Greek mythology—and continues to enthrall young readers. Here are the greats of ancient Greece—gods and goddesses, heroes and monsters—as freshly described in words and pictures as if they were alive today. No other volume of Greek mythology has inspired as many young readers as this timeless classic. Both adults and children alike will find this book a treasure for years to come.

Get to know the Greek gods and goddesses, from the mighty Zeus, to the temperamental Poseidon, the beautiful Aphrodite, and every character from A to Z. Who were the Olympians, and where did they come from? Why were the Titans overthrown? How did these and other mythology tales shape Greek culture and civilization? Scholars have long been fascinated by the Greeks, and even today we are entertained by the stories of their mythology and pantheon. These stories can do more than just entertain; they can also inspire and teach us lessons that were penned by the Greeks themselves. Starting with the creation myth, this book will take you through the stories of the Titans, introduce the Olympians, bring in the demigods, and sneak a peek at the monsters that made up the mythology. You'll learn who all the gods and goddesses were in relation to one another, mythological explanations for natural events, and why any of this still matters today. In addition, you'll discover: ? The names, powers, and significance of all the major Greek gods and goddesses ? Rich stories based around the Greek pantheon ? Moral lessons and cultural values important to the Greeks, preserved in their mythology ? A brief history of Greek civilization and how they worshipped their gods and goddesses ? Creatures of Greek mythology that still feature in modern tales today And so much more Greek history! Up on Mount Olympus, along the shores of the Mediterranean, and deep in the Underworld, gods, goddesses, demigods, and creatures linger in the mind and stories of an ancient culture. This culture gave us science, philosophy, and a rich mythology that never stops enticing us.

Classic stories from Greek mythology come to life in this latest single-subject themed book in the Weird But True spin-off series, Know-It-All. Zeus, Hades, Aphrodite, Hera, Poseidon, Hercules, Achilles, Ares, Apollo, Athena, Artemis, Dionysus, Prometheus! Dive a little deeper into the incredible stories from Greek mythology. Weird-but-true facts accompanied by lush original full-color art cover everything kids need to know about all their favorite Greek gods, heroes, monsters, quests, muses, and famous philosophers. From who gave mankind fire to famous fatal flaws to who stood guard at the Underworld, this book includes all the iconic Greek myths and key characters - and then goes one wonderfully weird step beyond.

In this wide-ranging work on Greek religion and mythology, Jan N. Bremmer brings together his stimulating and innovative articles, which have all been updated and revised where necessary. In three thematic sections, he analyses central aspects of Greek religion, beginning with the gods and heroes and paying special attention to the unity of the divine nature and the emergence of the category 'hero'. The second section begins with a discussion of the nature of polis religion, continues with various facets, such as seers, secrecy and the soul, and concludes with the influence of the Ancient Near East. The third section studies human sacrifice and offers the most recent analysis of the ideal animal sacrifice, combining literature, epigraphy, iconography, and zooarchaeology. Regarding human sacrifice, it concentrates on the famous cases of Iphigeneia and the werewolves of Mount Lykaion. The fourth and final section investigates key elements of Greek mythology, such as the definition of myth and its relationship to ritual, and ends with a brief history of the study of Greek mythology. The multi-disciplinary approach and rich footnotes make this work a must for anybody interested in Greek religion and mythology.

In an innovative sequence of topics, Ken Dowden explores the uses Greeks made of myth and the uses to which we can put myth in recovering the richness of their culture. Most aspects of Greek life and history - including war, religion and sexuality - which are discernable through myth, as well as most modern approaches, are given a context in a book which is designed to be useful, accessible and stimulating. A hands-on traveler's guide to the enthralling tales of Greek mythology, organized around the cities and landscapes where the events are set The Greek myths have a universal appeal, beyond the time and physical place in which they were created. But many are firmly rooted in specific landscapes: the city of Thebes and mountain range Cithaeron dominate the tale of Oedipus; the city of Mycenae broods over the fates of Agamemnon and Electra; while Knossos boasts the scene of Theseus' slaying of the Minotaur. Drawing on a wide range of classical sources, newly translated by the author, and illustrated with specially commissioned drawings, this book is both a useful read for those visiting the sites and a fascinating imaginative journey for the armchair traveler. The itinerary includes twenty-two locations, from Mount Olympus to Homer's Hades, recounting the myths and history associated with each site and highlighting features that visitors can still see today. Scholarly text, supported by quotes from primary sources and contemporary research, as well as the enticing stories of gods and goddesses, heroes and villains, enrich the reader's literal or simply literary experience of these sites, whose significance still resonates today.

A new translation of an important text for Greek mythology used as a source book by classicists from antiquity to Robert Graves, The Library of Greek Mythology is a complete summary of early Greek myth, telling the story of each of the great families of heroic mythology, and the various adventures associated with the main heroes and heroines, from Jason and Perseus to Heracles and Helen of Troy. Using the ancient system of detailed histories of the great families, it contains invaluable genealogical diagrams for maximum clarity.

Greek myth owes its immortality - often in many varied versions - to the fact that it was cultivated for at least fourteen centuries in the places where it was born by a host of epic, lyric and dramatic poets, who wished to make of it a vehicle for the ideals of the Greek world. Many typical features of the Greek spirit are imprinted on the myth - a tendency towards competition, the affirmation of life, the worship of beauty, and the interest of the Greeks in man as man, leading to the creation of an idealised picture of him, which served to promote rules of life of general authority. A great many people from one end of the earth to the other have a mythology of gods and heroes. It is, however, only ancient Greek mythology which, thanks to its quality, has transcended every geographical and chronological frontier and has become a possession of the human spirit as a whole. The purpose of this volume is to provide a Mythology which is not addressed only to specialists - though without losing its scholarly character - but which will be accessible to a wide range of the public; a Mythology which will be read with pleasure by children and adults, by scholars and intellectuals, but also by ordinary people who, without any interest in the specialist questions of academic research, wish to be entertained by discovering what stories the ancient Greeks told about their gods and heroes and to enjoy in a straightforward manner the beauty of the ancient myths.

Publisher description: From the first millennium BC onwards, Greek myths have been repeated in an inexhaustible series of variations and reinterpretations. Nowadays they can be found in film, television and computer games. This book combines a

retelling of Greek myths with a comprehensive account of the world in which they developed. Throughout, the author draws upon the latest research into ancient Greek story-telling, presenting the material in an attractive, accessible and authoritative style. Full of intriguing facts and diverting stories—the ideal introduction to the myths and tales that lie at the heart of Western culture. Who was Pandora and what was in her famous box? How did Achilles get his Achilles heel? What exactly is a Titan? And why is one computer virus known as a Trojan horse? The myths of ancient Greece and Rome can seem bewilderingly complex, yet they are so much a part of modern life and discourse that most of us know fragments of them. This comprehensive companion takes these fragments and weaves them into an accessible and enjoyable narrative, guiding the reader through the basic stories of classical myth. Philip Matyszak explains the sequences of events and introduces the major plots and characters, from the origins of the world and the labors of Hercules to the Trojan War and the voyages of Odysseus and Aeneas. He brings to life an exotic cast of heroes and monsters, wronged women and frighteningly arbitrary yet powerful gods. He also shows how the stories have survived and greatly influenced later art and culture, from Renaissance painting and sculpture to modern opera, literature, movies, and everyday products.

Giving Western literature and art many of its most enduring themes and archetypes, Greek mythology and the gods and goddesses at its core are a fundamental part of the popular imagination. At the heart of Greek mythology are exciting stories of drama, action, and adventure featuring gods and goddesses, who, while physically superior to humans, share many of their weaknesses. Readers will be introduced to the many figures once believed to populate Mount Olympus as well as related concepts and facts about the Greek mythological tradition.

Discusses Greek mythology, including the history of man and the gods, the heroic deeds of Heracles, the Trojan War, and love stories.

Discover the exciting and fascinating world of Greek and Roman gods, goddesses, monsters, and heroes, from Zeus and Athena to Hercules, Medusa, and more! Take a journey through Mount Olympus, Ancient Greece, and Ancient Rome with this collection of the greatest tales found in Greek and Roman mythology. From origin stories to family drama, you'll learn about the most powerful Olympic gods including Zeus, Hera, Poseidon, Athena, Apollo, Artemis, Aphrodite, Hades, and more. But this book has more than just gods and goddesses! You'll also discover the dangerous and intriguing world of ancient monsters, fantastical creatures, and mortal heroes that populate some of the most awesome stories from the time, including: Atlas, who carries the weight of the world on his shoulders Kronos, a Titan who swallows his newborn children Persephone, a kidnapped goddess who becomes queen of the Underworld Minotaur, a half-bull, half-man imprisoned in a labyrinth Hydra, a poisonous serpent who grows two heads when one is severed Sirens, sea nymphs whose irresistible singing lures sailors to their doom All of these tales and more are written in a fun, kid-friendly manner, perfect for children interested in history or for fans of the Percy Jackson series.

A fresh and revealing look at the stories at the heart of Greek mythology, exploring their cultural impact throughout history up to the present day.

Insightful and fun, this new guide to an ancient mythology explains why the Greek gods and goddesses are still so captivating to us, revisiting the work of Homer, Ovid, Virgil, and Shakespeare in search of the essence of these stories. (Mythology & Folklore)

A Cyclops is popularly assumed to be nothing more than a flesh-eating, one-eyed monster. In an accessible, stylish, and academically authoritative investigation, this book seeks to demonstrate that there is far more to it than that - quite apart from the fact that in myths the Cyclopes are not always one-eyed! This book provides a detailed, innovative, and richly illustrated study of the myths relating to the Cyclopes from classical antiquity until the present day. The first part is organised thematically: after discussing various competing scholarly approaches to the myths, the authors analyse ancient accounts and images of the Cyclopes in relation to landscape, physique (especially eyes, monstrosity, and hairiness), lifestyle, gods, names, love, and song. While the man-eating Cyclops Polyphemus, famous already in the Odyssey, plays a major part, so also do the Cyclopes who did monumental building work, as well as those who toiled as blacksmiths. The second part of the book concentrates on the post-classical reception of the myths, including medieval allegory, Renaissance grottoes, poetry, drama, the visual arts, contemporary painting and sculpture, film, and even a circus performance. This book aims to explore not just the perennial appeal of the Cyclopes as fearsome monsters, but the depth and subtlety of their mythology which raises complex issues of thought and emotion.

A study of Greek mythology in relation to its original contexts.

More than 100,000 copies sold in France A fascinating new journey through Greek mythology that explains the myths' timeless lessons and meaning Heroes, gods, and mortals. The Greek myths are the founding narratives of Western civilization: to understand them is to know the origins of philosophy, literature, art, science, law, and more. Indeed, as Luc Ferry shows in this masterful book, they remain a great store of wisdom, as relevant to our lives today as ever before. No mere legends or clichés ("Herculean task," "Pandora's box," "Achilles heel," etc.), these classic stories offer profound and manifold lessons, providing the first sustained attempt to answer fundamental human questions concerning "the good life," the burden of mortality, and how to find one's place in the world. Vividly retelling the great tales of mythology and illuminating fresh new ways of understanding them, *The Wisdom of the Myths* will enlighten readers of all ages.

This collection contains more than 30 enthralling new retellings of favorite myths as well as some you might not have heard before! Including Theseus and the Minotaur, The Twelve Labors of Heracles, and the escapades of Jason and the Argonauts, each myth is told in engaging modern language, which is easy for children to understand yet still retains the humor and intrigue of the original tales. Stunning illustrations by multi-award winning artist Katie Ponder breathe new life into each classic story. Additional feature pages delve deeper into the mythical world, providing profiles of the gods. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a pronunciation guide. *Greek Myths* is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales by themselves or as bedtime stories. It will be treasured forever.

National Geographic supports K-12 educators with ELA Common Core Resources. Visit www.natgeoed.org/commoncore for more information.

Greek Mythology is an enormous field of study and a brief guide is a daunting task for any writer. The myths have a way of entwining one with another, and it is difficult to present a coherent story line without feeling one has omitted the best part of the story. Inside you will read about... - What Is A Myth? - The Sources Of Greek Mythology - The Creation Of The Universe And The Gods - What Of Man? What Of Woman? - The Greek Pantheon - The Trojan War - The Influence Of Greek Drama - Two Greek Mortal Heroes In Mythological Tales This guide succeeds in presenting an overall sketch of the creation of the world and the battles that follow, resulting in Zeus taking his place as the supreme god and ruling the earth from Mount Olympus. It covers the creation of man, it seems, as a bit of an afterthought for the amusement of the Olympians and some of the most famous stories that have come down to us via the writings of the great dramatists of the Classical Age. There are concise biographies of the twelve gods that make up the Olympians as well as of the heroes of the Trojan War.

A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them--including Athena, Helen, Circe and Penelope "Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other; impossible tasks set by cruel kings; love that goes wrong; wars and journeys and terrible loss. There was magic, there was shape-shifting, there were monsters, there were descents to the land of the dead.

Humans and immortals inhabited the same world, which was sometimes perilous, sometimes exciting. "The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren't believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of losing children. Women suffer violence at the hands of men. The cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods and fire tear lives apart. "For the Greeks, the word *muthos* simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated--but their power endures. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in short, in the hard, basic facts of the human condition." --from the Introduction

A full, authoritative, and wholly engaging account of these endlessly fascinating tales and of the ancient society in which they were created. Greek myths are among the most complex and influential stories ever told. From the first millennium BC until today, the myths have been repeated in an inexhaustible series of variations and reinterpretations. They can be found in the latest movies and television shows and in software for interactive computer games. This book combines a retelling of Greek myths with a comprehensive account of the world in which they developed—their themes, their relevance to Greek religion and society, and their relationship to the landscape. "Contexts, Sources, Meanings" describes the main literary and artistic sources for Greek myths, and their contexts, such as ritual and theater. "Myths of Origin" includes stories about the beginning of the cosmos, the origins of the gods, the first humans, and the founding of communities. "The Olympians: Power, Honor, Sexuality" examines the activities of all the main divinities. "Heroic exploits" concentrates on the adventures of Perseus, Jason, Herakles, and other heroes. "Family sagas" explores the dramas and catastrophes that befall heroes and heroines. "A Landscape of Myths" sets the stories within the context of the mountains, caves, seas, and rivers of Greece, Crete, Troy, and the Underworld. "Greek Myths after the Greeks" describes the rich tradition of retelling, from the Romans, through the Renaissance, to the twenty-first century.

Complemented by lavish illustrations, genealogical tables, box features, and specially commissioned drawings, this will be an essential book for anyone interested in these classic tales and in the world of the ancient Greeks.
